

# Cartwright Coastal Habitat Stewardship Agreement

The Town of Cartwright and the Government of Newfoundland and Labrador signed a **COASTAL HABITAT STEWARDSHIP AGREEMENT** in April 2010, committing to the conservation and enhancement of wildlife habitat within the town's planning boundaries.

Through the signing of a joint Coastal stewardship agreement, 876.8 km<sup>2</sup> of Table Bay have been designated as a stewardship zone. Within this zone, common eiders use islands and nearby waters for nesting, moulting, and staging.

Eider shelter in Table Bay

## What to look for!

Harlequin Duck

Common Eider

Thick-Billed Turr
